Location: Brussels, Justus Lipsius building

Inspection carried out by :

- Mr Fergal Ó Regan, Head of Inquiry Coordination
- Ms Rosita Agnew, Head of Strategic Inquiries

Introductory and procedural aspects

The Ombudsman representatives introduced themselves, thanked all services [1] for their cooperation and then set out the objective and purpose of the present inspection within the context of the Ombudsman's own-initiative inquiry on trilogues.

They then outlined the legal framework which applies to the Ombudsman's services when they carry out inspections and informed the Council staff present that if they identified any documents to be confidential, the applicable rules provide that no access may be granted to those documents [2] . The Ombudsman representatives further explained that a report on the inspection would be prepared, sent to the Council and published on the Ombudsman's website.

Objective of the inspection

The objective of the inspection was to inspect the Council's file on the trilogues concerning the Mortgage Credit Directive [3] .

The inspection of the file

The Council representatives provided full access to the Ombudsman representatives to the documents in the above-mentioned file.

Following a general discussion on the subject of the inquiry, the Council representatives provided information about the legislative process leading to the adoption of the Mortgage

Credit Directive. The Council representatives also explained the structure and nature of the files provided to the Ombudsman representatives.

The Ombudsman representatives then proceeded to a thorough inspection of the documents provided by the Council in order to get a better understanding of the different types of documentation usually produced in connection with trilogues.

As most of the documents tabled for the individual trilogue meetings had already been obtained during the inspection of the Commission's file [4], the Ombudsman services asked only for, and obtained, copies of the following internal Council documents [5]:
