Subject trilogues consultation

Dear Madam,

I am following your consultation on trilogues with great interest, since it is of an extreme relevance for my current research project relating to law-making in the EU, funded by the Academy of Finland. I'd like to draw your attention to a n EU law blog I recently wrote relating to this question, which expresses many concerns relating to lack of publicity.

<http://eulawanalysis.blogspot.be/2016/01/on-knowledge-as-power-transparency-of.html>

Content Many of the concerns expressed are based on practical experiences from having worked 10 years at four different Finnish government ministries as a legal advisor and negotiator in several EU legislative files, also in the capacity of Presidency. If there is any way in which I or my research team could be of assistance, please do not hesitate to be in touch.

Kind regards,

Päivi Leino-Sandber
